Regional Freedom of Information Officer
US EPA, Region 10
Office of Ecosystems, Tribal and Public Affairs
1200 6th Ave. ETPA-124
Seattle, WA 98101

To the Region 10 FOIA Officer:

This is a request under the Freedom of Information Act (FOIA).

I request that information relevant to environmental management activities at the **Conda Phosphate Operations facility in Soda Springs, Idaho** be provided to me. Agrium Inc. owns and operates the Conda Phosphate Operations, and this facility is located at 3010 Conda Rd., Soda Springs, ID 83276.

Copies are requested of the documents that contain the following relevant information:

- RCRA records, including correspondence re: enforcement and mineral processing/wastes, 2005 to date
- Documents relating to RCRA 3013 process, including reports of spills/releases
- Reports to and correspondence with EPA relating to Underground Storage Tanks and hazardous chemicals (PCBs, solvents, etc.)
- Environmental data reported to EPA, including fluoride in vegetation data (if any)
- Multi-sector storm water general permit records, DMRs and annual reports, 2011 to date
- Notice of intent (NOI) for general industrial storm water permit
- EPCRA continuous release report, latest report
- SARA/EPCRA 311/312 reports, last 3 years (2013 to date)
- SARA 313 enforcement correspondence

EPA Region 10 FOIA Officer
August 5, 2015
p. 2 of 2

- Toxic Chemical Release Inventory records
- Clean Air Act records, including High Priority Violations (HPVs), if any
- EPA/Agrium correspondence (2011 to date) regarding the Conda Phosphate Operations facility

In order to determine my status to assess fees, you should know that I am an environmental consultant working on behalf of a confidential client; the information requested is for the use of my client in their business.

Thank you for your consideration and handling of this request.

Sincerely,

Kathryn Tegtmeyer

To the Region 10 FOIA Officer:

This is a request under the Freedom of Information Act (FOIA).

I request that information relevant to environmental management activities at the **North Rasmussen Ridge Mine** be provided to me. Nu-West Mining, Inc. and Nu-West Industries, Inc. (dba Agrium Conda Phosphate Operations. 3010 Conda Road, Soda Springs, ID 83276) own and operate the North Rasmussen Ridge Mine, which is located in Caribou County, Idaho.

Copies are requested of the documents that contain the following relevant information:

- Reports to and correspondence with EPA relating to Underground Storage Tanks and hazardous chemicals (PCBs, solvents, etc.)
- Environmental data reported to EPA
- Multi-sector storm water general permit records, DMRs and annual reports, past 5 years
- Notice of Intent (NOI) for general industrial storm water permit
- EPCRA continuous release report, latest
- Toxic Chemical Release Inventory records
- EPA/Agrium correspondence, 2011 to date

Seattle, WA 98101

To the Region 10 FOIA Officer:

This is a request under the Freedom of Information Act (FOIA).

I request that information relevant to environmental assessment of proposed phosphate mining activities at the **Rasmussen Valley, North Dry Ridge and Husky 1 phosphate lease areas** be provided to me. These lease areas are on Federal lands in Caribou County, Idaho. Nu-West Mining, Inc. and Nu-West Industries, Inc., (dba Agrium Conda Phosphate Operations, 3010 Conda Road, Soda Springs, ID 83276) have developed mine plans to extract phosphate ore from these lease areas.

Copies are requested of documents that contain information concerning EPA's environmental assessments of these areas, including storm water inspection reports, and related correspondence between EPA and Nu-West Mining/Nu-West Industries.

In order to determine my status to assess fees, you should know that I am an environmental consultant working on behalf of a confidential client; the information requested is for the use of my client in their business.
